

We believe K-LOVE is an excellent source of encouraging messages and positive music for our entire family including the youngest of 8 years of age. It is also very informative in the national news and keeps us updated on current events. It is such a neat feeling to see the bumper stickers on other vehicles within my community with K-LOVE on them because you know that those people whom often you do not even know also have the same desire to listen to wholesome talk and music and be encouraged. There is much power in encouragement. It can be the very thing to draw people together to have a positive outlook on life. To displace K-LOVE in our community would steal that from us. A sense of unity within our community. In regards to our older children 13 through 23, K-LOVE is something that speaks of life and hope and not despair and hopelessness that other music and programs on other stations deliver. PLEASE do not displace K-LOVE in my area on 90.5, 91.5 or 104.3 nor for any other area for we believe our nation needs words of hope now more than ever in the history of our nation. Thank you for your time and consideration.
